CTICC, Cape Town, South Africa

The 18th annual African Utility Week is the leading conference and trade exhibition for African power, energy and water professionals. The event brings together in excess of 7000 decision makers to source the latest solutions and meet over 300 suppliers. Coupled with multiple side events and networking functions, the event boasts a 6 track conference with more than 300 expert speakers.

Providing the leading gathering platform of energy and water professionals in Africa, the conference is an opportune platform to position AIIM as industry experts. Romain Py – Head of Transactions, Ed Stumpf – Investment Director and Vuyo Ntoi – Investment Director, will be flying the flag on AIIM's behalf as an invited panellist.
