

BEYOND THE OBVIOUS

## AVCA CORPORATE SPONSORSHIP

AIIM will once more sponsor the **African Private Equity and Venture Capital Association (AVCA) Annual Conference** taking place in **Morocco 22 - 26 April 2018**. As the primary industry body, it promotes and enables private investment in Africa and is the largest private equity gathering globally, attracting investors who collectively manage over US\$1.5trn in assets.

The annual AVCA conference is the ideal platform for global industry experts to impart knowledge, present opportunities and identify prospects to collaborate on Africa's advancement. The development of Africa remains at the forefront of our agenda. And with 18 years of experience in investing in Africa's growth, we are keen to utilise the conference to showcase Africa's potential through the development of sustainable and innovative projects we have championed, in our continued effort to position ourselves as thought leaders in our field.

This year we undertake a unique opportunity, **Portfolio Company Spotlight**, showcasing **Albatros Energy**, Mali's first independent power project, in a panel interview with Jurie Swart and Koen Beckers, CEO of Albatros Energy. With a newly launched website, feel free to discover Albatros Energy visit <https://aem-sa.com/>

To find out more about the conference, visit <https://www.avcaconference.com/>
